* Funding numbers for Fiscal Years 2006-2009 are taken from the ED Budget Reports, and do not include amounts expended on Evaluation and Administrative/Peer Review nor monies shifted to SSS due to the elimination of the UB Absolute Priority study. The 2008 and 2009 totals include only the Discretionary funding for the TRIO Programs, and not the additional Mandatory \$57 million expended on UB per the College Cost Reduction and Access Act of 2007. Only the overall funding level for FY 2009 was available at the time of printing.
